June 11, 2021

***Based on a preliminary review of votes cast, over 76% have voted in favor of Proposals 2, 3, 4 & 6
Meeting scheduled to reconvene July 9, 2021 at 8:30 AM Pacific Standard Time to provide time to reach quorum***

SAN FRANCISCO, CA / ACCESSWIRE / June 11, 2021 / Jaguar Health, Inc. (Nasdaq:JAGX) ('Jaguar' or the 'Company') today announced that it has adjourned its Annual Meeting of Stockholders held on May 13, 2021 (the "Annual Meeting") for a second time due to a lack of quorum. The adjourned meeting will be held at 8:30 a.m. Pacific Standard Time/11:30 a.m. Eastern Standard Time on Friday, July 9, 2021, at the offices of the Company at 200 Pine Street, Suite 400, San Francisco, CA 94104. The record date for determining stockholders eligible to vote at the Annual Meeting will remain the close of business on April 12, 2021. Stockholders have thus far strongly supported the proposals.

No action is required by any stockholder who has previously delivered a proxy and who does not wish to revoke or change that proxy.

"We currently have less than 0.1% of our total authorized shares of Common Stock available for future issuance, taking into account shares issued and outstanding and shares reserved for issuance upon exercise of outstanding warrants, existing equity incentive awards, and under our stock incentive plan and inducement award plans. The Board believes that approval of Proposal 3 - the proposed increase in the number of authorized shares of Common Stock - will benefit us by providing flexibility in responding to future business opportunities as the Board may deem in the best interest of shareholders, from time to time; and also, if deemed in the best interest of shareholders by the Board, to raise additional capital from time to time to execute our business plans," said Lisa Conte, Jaguar's president and CEO.

"We encourage all eligible stockholders who have not yet voted their shares - or provided voting instructions to their broker or other record holder - to do so prior to the Annual Meeting, as your participation is important. See below under 'How to Vote' for instructions on how to vote if you have not already voted, or if you would like to change your votes," said Conte. "Jaguar's Board of Directors recommends a vote 'FOR' the presented proposals. Based on a preliminary review of the votes cast, over 76% have voted in favor of Proposal 3 ("Approving an amendment to the Company's Third Amended and Restated Certificate of Incorporation, as amended (the "COI"), to increase the number of authorized shares of Common Stock from 150,000,000 shares to 290,000,000 shares."). Approximately an additional 6% of the Company's eligible common stock outstanding needs to be voted to reach quorum."

How to Vote

Stockholders of record as of the close of business on April 12, 2021 may vote by internet at <http://www.voteproxy.com>, or by telephone at 800-776-9437 (this voting phone number is operational 24x7), or by returning a properly executed proxy card. Stockholders who hold shares of Jaguar stock in street name may vote through their broker. Street name stockholders requiring assistance with voting their shares are encouraged to contact Jaguar's proxy solicitation firm, Georgeson, at 866-821-0284, Monday to Friday from 9:00 AM - 11:00 PM US Eastern Standard Time, and Saturday from 12:00 PM-6:00 PM US Eastern Standard Time. Georgeson's call center is not staffed on Sundays.

No changes have been made to the proposals to be voted on by stockholders at the Annual Meeting. The Company's Proxy Statement and any other materials filed by the Company with the SEC can be obtained free of charge at the SEC's website at www.sec.gov.

About Jaguar Health, Inc., Napo Pharmaceuticals, Inc. & Napo EU S.p.A.

Jaguar Health, Inc. is a commercial stage pharmaceuticals company focused on developing novel, plant-based, non-opioid, and sustainably derived prescription medicines for people and animals with GI distress, specifically chronic, debilitating diarrhea. Our wholly owned subsidiary, Napo Pharmaceuticals, Inc., focuses on developing and commercializing proprietary plant-based human gastrointestinal pharmaceuticals from plants harvested responsibly from rainforest areas. Our Mytesi® (crofelemer) product is approved by the U.S. FDA for the symptomatic relief of noninfectious diarrhea in adults with HIV/AIDS on antiretroviral therapy and the only oral plant-based prescription medicine approved under FDA Botanical Guidance. Napo Pharmaceuticals' wholly owned Italian subsidiary, Napo EU S.p.A., focuses on expanding crofelemer access in Europe.

About Mytesi®

Mytesi® (crofelemer) is an antidiarrheal indicated for the symptomatic relief of noninfectious diarrhea in adult patients with HIV/AIDS on antiretroviral

therapy (ART). Mytesi® is not indicated for the treatment of infectious diarrhea. Rule out infectious etiologies of diarrhea before starting Mytesi®. If infectious etiologies are not considered, there is a risk that patients with infectious etiologies will not receive the appropriate therapy and their disease may worsen. In clinical studies, the most common adverse reactions occurring at a rate greater than placebo were upper respiratory tract infection (5.7%), bronchitis (3.9%), cough (3.5%), flatulence (3.1%), and increased bilirubin (3.1%).

More information and complete Prescribing Information are available at [Mytesi.com](https://www.mytesi.com). Crofelemer, the active ingredient in Mytesi®, is a botanical (plant-based) drug extracted and purified from the red bark sap of the medicinal *Croton lechleri* tree in the Amazon Rainforest. Napo has established a sustainable harvesting program for crofelemer to ensure a high degree of quality and ecological integrity.
