

Jaguar Health Engages Shareholder Intelligence Services, LLC (ShareIntel) to Monitor Trading Activity in Effort to Identify Possible Illegal Short Selling

February 1, 2023

SAN FRANCISCO, CA / ACCESSWIRE / February 1, 2023 / [Jaguar Health, Inc.](#) (NASDAQ:JAGX) ("Jaguar" or the "Company") today announced that it has entered into a service agreement with Shareholder Intelligence Services, LLC ([ShareIntel](#)), a leading compliance driven SAAS platform, to track market participants and analyze share ownership data in Jaguar's publicly traded Common Stock ("JAGX") on Nasdaq for SEC and FINRA market compliance.

"Illegal short selling practices are a form of market manipulation that can harm investors and public companies by artificially and systematically depressing stock prices, increasing the cost of capital, restricting growth, and jeopardizing compliance with Nasdaq listing requirements. We are committed to protecting the interests of our shareholders and maximizing shareholder value, and look forward to working with ShareIntel in an effort to ensure that those brokering and trading our stock are compliant with FINRA and SEC rules and regulations governing short selling," said Lisa Conte, Jaguar's president and CEO.

ShareIntel's patented processes and proprietary analytics support identification of reporting anomalies among market makers, banks, broker-dealers and clearing firms. The ShareIntel DRIL-Down™ platform identifies markers of potential illegal naked short selling. Armed with actionable intelligence, ShareIntel assists public companies in their effort to ensure true price discovery.

"ShareIntel tracks and monitors critical broker-dealer and shareholder movements," said David Wenger, President and Chief Executive Officer of ShareIntel. "We look forward to helping Jaguar identify parties to potential abusive short selling, implement action plans to mitigate such activity, and help maximize shareholder ownership transparency."
