

## Jaguar Health Granted Extension Until August 13, 2024, to Regain Compliance with Nasdaq's Bid Price Requirement

April 8, 2024

**Top line results forthcoming for company's phase 3 [OnTarget](#) trial of crofelemer for preventative treatment of cancer therapy-related diarrhea**

**SAN FRANCISCO, CA / ACCESSWIRE / April 8, 2024 / [Jaguar Health, Inc. \(NASDAQ:JAGX\)](#)** ("Jaguar" or the "Company") today announced that on April 5, 2024 the Company received formal notice that the Listing Qualifications Staff (the "Staff") of The Nasdaq Stock Market LLC ("Nasdaq") has granted Jaguar an additional grace period, through August 13, 2024, to regain compliance with the \$1.00 bid price requirement for continued listing on The Nasdaq Capital Market. To evidence compliance, the Company must report a closing bid price of at least \$1.00 per share for a minimum of ten consecutive business days on or before August 13, 2024.

"We are pleased to have obtained additional time from Nasdaq to evidence compliance with the bid price requirement," said Lisa Conte, Jaguar's president and CEO. "As reported on February 23, 2024, Jaguar requested a hearing to appeal a potential delisting of the Company's securities from Nasdaq, and a hearing was scheduled. Because we have been granted the additional grace period, this hearing will no longer occur."

Jaguar's paramount near-term clinical activity is the Company's Phase 3 pivotal [OnTarget](#) trial of crofelemer for the follow-on indication of the preventative treatment of cancer therapy-related diarrhea. Top line results from this pivotal study are forthcoming.

The Company's common stock will continue to trade on Nasdaq under the symbol 'JAGX' pending the ultimate decision of any appeal process, and Jaguar's board remains committed to taking all required steps to remain in compliance with Nasdaq's listing standards.

### About the Jaguar Health Family of Companies

Jaguar Health, Inc. (Jaguar) is a commercial stage pharmaceuticals company focused on developing novel proprietary prescription medicines sustainably derived from plants from rainforest areas for people and animals with gastrointestinal distress, specifically associated with overactive bowel, which includes symptoms such as chronic debilitating diarrhea, urgency, and bowel incontinence. Jaguar family company Napo Pharmaceuticals focuses on developing and commercializing human prescription pharmaceuticals for essential supportive care and management of neglected gastrointestinal symptoms across multiple complicated disease states. Napo Pharmaceuticals' crofelemer drug product candidate is the subject of the [OnTarget](#) study, a pivotal Phase 3 clinical trial for preventive treatment of chemotherapy-induced overactive bowel (CIOB) in adults with cancer on targeted therapy. Jaguar family company Napo Therapeutics is an Italian corporation Jaguar established in Milan, Italy in 2021 focused on expanding crofelemer access in Europe and specifically for orphan and/or rare diseases. Jaguar Animal Health is a Jaguar tradename. Magdalena Biosciences, a joint venture formed by Jaguar and Filament Health Corp. that emerged from Jaguar's [Entheogen Therapeutics Initiative](#) (ETI), is focused on developing novel prescription medicines derived from plants for mental health indications.

### Forward-Looking Statements

Certain statements in this press release constitute "forward-looking statements." These include statements regarding Jaguar's expectation that top line results from the [OnTarget](#) study are forthcoming. In some cases, you can identify forward-looking statements by terms such as "may," "will," "should," "expect," "plan," "aim," "anticipate," "could," "intend," "target," "project," "contemplate," "believe," "estimate," "predict," "potential" or "continue" or the negative of these terms or other similar expressions. The forward-looking statements in this release are only predictions. Jaguar has based these

forward-looking statements largely on its current expectations and projections about future events. These forward-looking statements speak only as of the date of this release and are subject to a number of risks, uncertainties and assumptions, some of which cannot be predicted or quantified and some of which are beyond Jaguar's control. Except as required by applicable law, Jaguar does not plan to publicly update or revise any forward-looking statements contained herein, whether as a result of any new information, future events, changed circumstances or otherwise.
