

Jaguar Health Appoints Carol Lizak Chief Accounting Officer

August 16, 2019

SAN FRANCISCO, CA / ACCESSWIRE / August 16, 2019 / Jaguar Health, Inc. (NASDAQ:JAGX) (“Jaguar” or the “Company”), a commercial stage pharmaceutical company focused on developing novel, sustainably derived gastrointestinal products on a global basis, announced today that the Company has promoted Carol Lizak to the role of chief accounting officer for Jaguar. Lizak formerly served as Jaguar’s vice president of finance and corporate controller.

Lizak has 20+ years of corporate controllership and financial planning & analysis experience under U.S. GAAP & IFRS. Prior to joining Jaguar, she served as senior director and corporate controller of Zosano Pharma Corporation, as controller of Quantum Secure, Inc., and as executive director, corporate controller of Alexza Pharmaceuticals, Inc. Prior thereto, she spent nine years as corporate controller of a subsidiary of HID Global Corporation. She holds an Executive MBA from Pepperdine Graziadio Business School.

“We are very pleased to have appointed Carol to this important role. She was instrumental in supporting our recent successful closing of an underwritten public offering of units for gross proceeds of \$16.56 million, and, following the closing of the offering, her effective leadership ensured the timely filing of Jaguar’s 10-Q for the second quarter of 2019. Looking forward, we believe Carol’s extensive financial experience in the life sciences sector will make her a strong addition to our management team as we look to expand our clinical and commercial activities,” Lisa Conte, Jaguar’s president and CEO, commented.

About Jaguar Health, Inc.

Jaguar Health, Inc. is a commercial stage pharmaceuticals company focused on developing novel, sustainably derived gastrointestinal products on a global basis. Our wholly-owned subsidiary, Napo Pharmaceuticals, Inc., focuses on developing and commercializing proprietary human gastrointestinal pharmaceuticals for the global marketplace from plants used traditionally in rainforest areas. Our Mytesi® (crofelemer) product is approved by the U.S. FDA for the symptomatic relief of noninfectious diarrhea in adults with HIV/AIDS on antiretroviral therapy.

About Mytesi®

Mytesi (crofelemer) is an antidiarrheal indicated for the symptomatic relief of noninfectious diarrhea in adult patients with HIV/AIDS on antiretroviral therapy (ART). Mytesi is not indicated for the treatment of infectious diarrhea. Rule out infectious etiologies of diarrhea before starting Mytesi. If infectious etiologies are not considered, there is a risk that patients with infectious etiologies will not receive the appropriate therapy and their disease may worsen. In clinical studies, the most common adverse reactions occurring at a rate greater than placebo were upper respiratory tract infection (5.7%), bronchitis (3.9%), cough (3.5%), flatulence (3.1%), and increased bilirubin (3.1%).

See full Prescribing Information at Mytesi.com. Crofelemer, the active ingredient in Mytesi, is a botanical (plant-based) drug extracted and purified from the red bark sap of the medicinal Croton lechleri tree in the Amazon rainforest. Napo has established a sustainable harvesting program for crofelemer to ensure a high degree of quality and ecological integrity.
