PROSPECTUS SUMMARY

The following is a summary of what we believe to be the most important aspects of our business and the offering of our securities under this prospectus. We urge you to read this entire prospectus, including the more detailed financial statements, notes to the financial statements and other information incorporated by reference from our other filings with the SEC. Each of the risk factors could adversely affect our business, operating results and financial condition, as well as adversely affect the value of an investment in our securities.

Overview

We are a natural-products pharmaceuticals company focused on the development and commercialization of novel, sustainably derived gastrointestinal products for both human prescription use and animals on a global basis. Our wholly-owned subsidiary, Napo Pharmaceuticals, Inc. (“Napo”), focuses on the development and commercialization of proprietary human gastrointestinal pharmaceuticals for the global marketplace from plants used traditionally in rainforest areas. Our Mytesi (crofelemer) product is approved by the U.S. FDA for the symptomatic relief of noninfectious diarrhea in adults with HIV/AIDS on antiretroviral therapy. In the animal health space, we focus on developing and commercializing first-in-class gastrointestinal products for companion and production animals, foals, and high value horses.

We are pursuing a follow-on indication for Mytesi in chemotherapy-induced diarrhea, an important supportive care indication for patients undergoing primary or adjuvant chemotherapy for cancer treatment. Mytesi is in development for orphan-drug indications for infants and children with congenital diarrheal disorders and short bowel syndrome; as a second-generation anti-secretory agent for use in cholera patients; and for supportive care for irritable bowel syndrome (IBS) and inflammatory bowel disease (IBD). Mytesi[®] has demonstrated benefit to D-IBS patients in published Phase 2 studies.

Canalevia is our lead veterinary prescription drug product candidate, intended for treatment of various forms of diarrhea in dogs. We achieved statistically significant results in a multicenter canine proof-of-concept study completed in February 2015, supporting the conclusion that Canalevia treatment is superior to placebo. As we announced in December 2015, the pivotal clinical field study to evaluate the safety and effectiveness of Canalevia for acute diarrhea in dogs is underway. Two-hundred dogs were enrolled in the Canalevia pivotal study, which completed enrollment in January 2017. We have received Minor Use in a Minor Species (MUMS) designation for Canalevia for Chemotherapy-Induced Diarrhea (CID) in dogs, and we are pursuing MUMS designation for Canalevia for the indication of exercise-induced diarrhea (EID) in dogs. If Canalevia is approved for CID in dogs, we expect to conduct the commercial launch of Canalevia for this indication in 2018.

Canalevia is a canine-specific formulation of crofelemer, an active pharmaceutical ingredient isolated and purified from the *Croton lechleri* tree, which is sustainably harvested. Members of our management team developed crofelemer while at Napo, which was our parent company until May 13, 2015. Canalevia utilizes the same mechanism of action as Mytesi, as do Neonorm Foal and Neonorm Calf—our lead non-prescription products. Each of these products normalizes ion and water flow into the intestinal lumen. Because this is a physiological pathway generally present in mammals, we have validated its low risk strategy of extending the clinical success in humans to preweaned dairy calves, foals, piglets, and dogs; and we believe these clinical benefits will continue to be confirmed in other mammalian species.

Neonorm is a standardized botanical extract derived from the *Croton lechleri* tree. The reception among users of Neonorm Calf and Neonorm Foal, an anti-diarrheal product we launched for newborn horses in early 2016—has been positive. We launched Neonorm Calf in the United States at the end of 2014 for preweaned dairy calves. In June 2017 we launched neonorm.com, a commercial website for both Neonorm products. As we announced on June 14, 2017, the Organic Materials Review Institute (OMRI) has reviewed Neonorm Calf and determined that it is allowed for use in compliance with the U.S. Department of Agriculture National Organic Program. OMRI is an international nonprofit organization that determines which input products are allowed for use in organic production and processing.

The clinically-proven performance of Neonorm Foal, in combination with our heightened understanding of market needs within the global equine space, is driving our increased focus on equine product development. Equilevia is our non-prescription product for total gut health in equine athletes. Gut

health is important in horses, as colic can cause an otherwise healthy horse to die in a matter of hours. Although we are still assessing the size of this opportunity, we expect to launch sales of Equilevia in the fall of 2017. Equilevia is a pharmaceutical formulation of a standardized botanical extract.

Canalevia, Equilevia and Neonorm are distinct products formulated to address specific species and market channels. We have filed nine investigational new animal drug applications, or INADs, with the FDA and intend to develop species-specific formulations of Neonorm in six additional target species, and Canalevia for both cats and dogs.

[Table of Contents](#)

We, through Napo, own the intellectual property rights and technology related to our products and product candidates, including rights to a library of over 2,300 medicinal plants, for all veterinary treatment uses and indications for all species of animals. This includes rights to Neonorm, Canalevia, and other distinct prescription drug product candidates in our pipeline along with the corresponding existing preclinical and clinical data packages. We also recently expanded this intellectual property portfolio to include combinations of our proprietary anti-secretory product lines, Canalevia and Neonorm, with the non-absorbed antibiotic, rifaximin, for gastrointestinal indications in all animals.

Our management team has significant experience in gastrointestinal and animal health product development. This experience includes the development of crofelemer for human use, from discovery and preclinical and clinical toxicity studies, including the existing animal studies to be used for Canalevia regulatory approvals, through human clinical development. Our team also includes individuals who have prior animal health experience at major pharmaceutical companies.

About Mytesi

Mytesi (crofelemer) is an antidiarrheal indicated for the symptomatic relief of noninfectious diarrhea in adult patients with HIV/AIDS on antiretroviral therapy (ART). Mytesi is not indicated for the treatment of infectious diarrhea. Rule out infectious etiologies of diarrhea before starting Mytesi. If infectious etiologies are not considered, there is a risk that patients with infectious etiologies will not receive the appropriate therapy and their disease may worsen. In clinical studies, the most common adverse reactions occurring at a rate greater than placebo were upper respiratory tract infection (5.7%), bronchitis (3.9%), cough (3.5%), flatulence (3.1%), and increased bilirubin (3.1%).

Crofelemer, the active ingredient in Mytesi, is a botanical (plant-based) drug extracted and purified from the red bark sap of the medicinal *Croton lechleri* tree in the Amazon rainforest. Napo has established a sustainable harvesting program for crofelemer to ensure a high degree of quality and ecological integrity.

Private Placement of Shares, Promissory Notes and Warrants

On July 31, 2017, we completed the acquisition of Napo Pharmaceuticals, Inc. (“Napo”) pursuant to the Agreement and Plan of Merger, dated March 31, 2017 (the “Merger Agreement”), by and among the Company, Napo, Napo Acquisition Corporation (“Merger Sub”), and Napo’s representative (the “Merger”). In accordance with the terms of the Merger Agreement, Merger Sub merged with and into Napo, with Napo surviving as our wholly-owned subsidiary.

Private Placement of Voting Shares

On June 28, 2017 and July 13, 2017, we issued in the aggregate 200,000 shares of our voting common stock to James Bochnowski and Gregory Stock for gross proceeds of \$100,000 in private placements pursuant to securities purchase agreements (the “Securities Purchase Agreements”). The securities purchase agreements require that we file one or more registration statements as permissible and necessary to register under the Securities Act of 1933, as amended (the “Securities Act”) the resale of the shares of our voting common stock sold to the investors thereto.

On July 31, 2017, we issued 64,866 shares of our voting common stock to KCSA Strategic Communications (“KCSA”) pursuant to the Merger Agreement and an agreement between Napo and KCSA as a complete settlement and satisfaction of Napo’s outstanding obligations to KCSA. On October 31, 2017, we entered into a debt settlement agreement with KCSA, pursuant to which we issued 235,134 shares of our voting stock to KCSA as complete settlement and satisfaction of our outstanding obligations to KCSA for services rendered. Pursuant to the debt settlement agreement, we agreed to register the shares issued under the debt settlement agreement.

Private Placement of Non-Voting Shares and Warrants

In order to induce us to enter into the Merger Agreement, Napo entered into debt settlement agreements with Dorsar Investment Company, Alco Investment Company, Two Daughters LLC, Boies Schiller Flexner LLP and Dan Becka on or about March 31, 2017 (collectively, the “Debt Settlement Agreements”), pursuant to which Napo agreed to cause us to issue in the aggregate 4,167,172 shares of our non-voting common stock and warrants to purchase 1,224,875 shares of our voting common stock, with an exercise price of \$0.08 per share (the “Warrants”), to such creditors and their respective affiliates upon consummation of the Merger as a complete settlement and satisfaction of Napo’s outstanding obligations to such creditors. We also agreed to register the resale of these shares on one or more registration statements. We issued the non-voting shares and warrants upon consummation of the Merger on July 31, 2017.

[Table of Contents](#)

Pursuant to the Debt Settlement Agreements, as amended by letter agreements dated on or about September 1, 2017, Napo agreed to cause us to register the shares of our voting common stock, the shares of our voting common stock issuable upon conversion of the shares of our non-voting common stock, and the shares of our voting common stock underlying the warrants, in each case as issued under the Debt Settlement Agreements.

MEF/Riverside Notes

On March 1, 2017, Napo entered into a Note Purchase Agreement with MEF I, LP and Riverside Merchant Partners (the “MEF/Riverside NPA”), pursuant to which Napo issued \$656,250 in aggregate principal amount of Original Issue Discount Exchangeable Promissory Notes (the “Initial MEF/Riverside Notes”) to such purchasers at a purchase price of \$525,000. The Initial MEF/Riverside Notes accrue interest at a rate of 3% per annum and have a maturity date of December 1, 2017. Accrued and unpaid interest on the Initial MEF/Riverside Notes will be paid on the maturity date, at Napo’s election subject to certain exceptions, in either cash or shares of our voting common stock. In the event that Napo elects to pay such interest in shares of our voting common stock, the number of shares issued will be determined by dividing the amount of interest then due on the Initial MEF/Riverside Notes by the volume weighted average of the closing price of a share of our common stock for the 30 consecutive trading days up to and including the trading day on the third trading day prior to the interest payment due date. The holders of the Initial MEF/Riverside Notes may exchange the principal amount of the Initial MEF/Riverside Notes for an aggregate of 1,171,875 shares of our voting common stock at any time prior to the maturity date.

Pursuant to the terms of the MEF/Riverside NPA, on April 27, 2017, Napo issued an additional \$656,250 in aggregate principal amount of Original Issue Discount Exchangeable Promissory Notes (the “Additional MEF/Riverside Notes” and, together with the Initial MEF/Riverside Notes, the “MEF/Riverside Notes”) to such purchasers at a purchase price of \$525,000. The Additional MEF/Riverside Notes have a maturity date of January 27, 2018, but otherwise have terms identical to those of the Initial MEF/Riverside Notes. We agreed to file a registration statement to register the resale of shares of our voting common stock issuable upon exchange of the MEF/Riverside Notes by October 20, 2017.

Kingdon Notes

On March 31, 2017, Napo entered into an Amended and Restated Note Purchase Agreement (the “Kingdon NPA”) with Kingdon Associates, M. Kingdon Offshore Master Fund L.P., Kingdon Family Partnership, L.P., and Kingdon Credit Master Fund L.P. (and, together with any other party purchasing Kingdon Notes (as defined below) pursuant to the Kingdon NPA, the “Kingdon Purchasers”), under which remains outstanding \$2,500,000 in aggregate principal amount of convertible promissory notes (the “Initial Kingdon Notes” and, together with the Additional Kingdon Notes (as defined herein), the “Kingdon Notes”) issued by Napo on December 30, 2016 to such purchasers at a purchase price of \$2,000,000. Holders of the Kingdon Notes may convert the Kingdon Notes into shares of our voting common stock at a conversion price of \$0.925 (i) from the date of the Kingdon Note until the day immediately preceding the one-year anniversary of the Kingdon Note, all, but not less than all, of one-third of the outstanding principal and interest of the Kingdon Note, (ii) from the one-year anniversary of the Kingdon Note until the day immediately preceding the two-year anniversary of the Kingdon Note, all, but not less than all, of an additional one-third of the outstanding principal and interest of the Kingdon Note, and (iii) from the two-year anniversary of the Kingdon Note and thereafter, all, but not less than all, of the outstanding principal and interest of the Kingdon Note. Pursuant to the terms of the Kingdon NPA, upon consummation of the Merger, each purchaser purchased its pro rata portion of additional Kingdon Notes (the “Additional Kingdon Notes”) with an aggregate original principal amount of \$7,500,000 for an aggregate purchase price of \$6,000,000. The Kingdon Notes accrue interest at a rate of 10% per annum and mature on the first date after December 30, 2019 on which a majority of the Kingdon Purchasers has provided written notice to Napo requesting payment in full of the outstanding principal and interest of the Kingdon Notes.

Pursuant to the Kingdon NPA, we are required to register the shares of our voting common stock issuable upon conversion of the Conversion Stock (as defined therein), together with any shares of our voting common stock issuable in connection with interest payments under the Kingdon Notes issued thereunder.

CVP Notes

On June 29, 2017, we entered into a securities purchase agreement (the “CVP SPA”) with Chicago Venture Partners, L.P. (“CVP”), pursuant to which we issued to CVP a convertible promissory note (the “CVP Note”) in the aggregate principal amount of \$2,155,000 for an aggregate purchase price of \$1,700,000. The CVP Note bears interest at the rate of 8% per annum and matures on August 2, 2018. The CVP Note is convertible at the option of the holder into shares of our voting common stock (the “CVP Conversion Shares”) at a conversion price of \$1.00 per share, subject to adjustments as provided in the CVP Note, any time after the earlier of (i) the date that is six months after the date that CVP delivers the purchase price of the CVP Note to us (the “CVP Note Purchase Price Date”) and (ii) the effective date of the resale registration statement that the Company is required to file to register the resale of the CVP Conversion Shares (the “Resale S-3 Effective Date”).

[Table of Contents](#)

In addition, beginning on the earlier of (i) the Resale S-3 Effective Date and (ii) the CVP Note Purchase Price Date, CVP will have the right to redeem a portion of the outstanding balance of the CVP Note in any amount up to \$350,000 per month. The redemption(s) may be satisfied in cash or stock (so long as the various conditions to paying stock set forth in the CVP Note are satisfied), at our election; provided, however, that if our common stock is trading below \$1.15 per share, the redemption(s) must be in cash.

Security Agreements

In connection with the sale of the Kingdon Notes, Napo entered into a security agreement, dated December 30, 2016, by and among Napo, Kingdon Capital Management L.L.C. and the purchasers named therein (the “Napo Security Agreement”). Pursuant to the Napo Security Agreement, Napo granted the Kingdon Purchasers a security interest in substantially all of Napo’s assets, including Napo’s intellectual property, to secure the payment and performance of all of Napo’s obligations under the Kingdon Notes.

In connection with the sale of the CVP Notes, we entered into a security agreement, dated June 29, 2017, between us and CVP (the “Jaguar Security Agreement”) and a subordination agreement and right to purchase debt, dated June 29, 2017 (the “Subordination Agreement”), by and among us, CVP and Hercules Capital, Inc. (f/k/a Hercules Technology Growth Capital, Inc.) (“Hercules”). Pursuant to the Jaguar Security Agreement and the Subordination Agreement, CVP may acquire a security interest in substantially all of our veterinary related assets, including intellectual property, to secure the payment and performance of all of our obligations under the CVP Notes upon the earlier of (i) CVP purchasing our obligations to Hercules under the

loan and security agreement, dated August 18, 2015, between us and Hercules, as amended (the “Hercules Debt”), or (ii) the repayment in full of the Hercules Debt.

The description of the Merger Agreement, Debt Settlement Agreements, the MEF/Riverside NPA, the Kingdon NPA, the CVP SPA, the Napo Security Agreement, the Jaguar Security Agreement and the Subordination Agreement are not complete and are qualified in their entirety by reference to the respective agreements, each of which has been filed as an exhibit to the registration statement of which this prospectus is a part. PLAN OF DISTRIBUTION

The selling shareholders of the securities and any of their pledgees, assignees and successors-in-interest may, from time to time, sell any or all of their securities covered hereby on the Nasdaq Stock Market or any other stock exchange, market or trading facility on which the securities are traded or in private transactions. These sales may be at fixed or negotiated prices. A selling shareholder may use any one or more of the following methods when selling securities:

- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the securities as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- settlement of short sales;
- in transactions through broker-dealers that agree with the selling shareholders to sell a specified number of such securities at a stipulated price per security;
- through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;
- a combination of any such methods of sale; or
- any other method permitted pursuant to applicable law.

The selling shareholders may also sell securities under Rule 144 under the Securities Act of 1933, as amended (the "Securities Act"), if available, or pursuant to other available exemptions rather than under this prospectus.

Broker-dealers engaged by the selling shareholders may arrange for other brokers-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the selling shareholders (or, if any broker-dealer acts as agent for the purchaser of securities, from the purchaser) in amounts to be negotiated, but, except as set forth in a supplement to this prospectus, in the case of an agency transaction not in excess of a customary brokerage commission in compliance with FINRA Rule 2440; and in the case of a principal transaction a markup or markdown in compliance with FINRA IM-2440.

In connection with the sale of the securities or interests therein, the selling shareholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the securities in the course of hedging the positions they assume. The selling shareholders may also sell securities short and deliver these securities to close out their short positions, or loan or pledge the securities to broker-dealers that in turn may sell these securities. The selling shareholders may also enter into option or other transactions with broker-dealers or other financial institutions or create one or more derivative securities which require the delivery to such broker-dealer or other financial institution of securities offered by this prospectus, which securities such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The selling shareholders and any broker-dealers or agents that are involved in selling the securities may be deemed to be “underwriters” within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the securities purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. Each selling shareholder has informed the Company that it does not have any written or oral agreement or understanding, directly or indirectly, with any person to distribute the securities.

The Company is required to pay certain fees and expenses incurred by the Company incident to the registration of the securities. The Company has agreed to indemnify the selling shareholders against certain losses, claims, damages and liabilities, including liabilities under the Securities Act.

We agreed to keep this prospectus effective until the earliest to occur of (i) the time at which all of the securities covered by the registration statement of which this prospectus forms a part have been sold (either pursuant to the registration statement or otherwise), (ii) the time at which all of the securities covered by the registration statement of which this prospectus forms a part are eligible to be sold by holders without compliance with the volume limitations or public information requirements of Rule 144, (iii) twelve months following the last date on which shares of our common stock are issuable under the Kingdon Notes, MEF/Riverside Notes and CVP Notes, and (iv) the consummation of a merger, consolidation or other business combination of the Company with any entity in which the stockholders of the Company immediately prior to such transaction in the aggregate cease to own at least 50% of the voting power of the voting securities of the entity surviving or resulting from such transaction (or the ultimate parent thereof) or a sale of all or substantially all of the Company’s assets. The resale securities will be sold only through registered or licensed brokers or dealers if required under applicable state securities laws. In addition, in certain states, the resale securities covered hereby may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

Under applicable rules and regulations under the Exchange Act, any person engaged in the distribution of the resale securities may not simultaneously engage in market making activities with respect to the common stock for the applicable restricted period, as defined in Regulation M, prior to the commencement of the distribution. In addition, the selling shareholders will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including Regulation M, which may limit the timing of purchases and sales of the common stock by the selling shareholders or any other person. We will make copies of this prospectus available to the selling shareholders and have informed them of the need to deliver a copy of this prospectus to each purchaser at or prior to the time of the sale (including by compliance with Rule 172 under the Securities Act).
